

## **DECEMBER NEWS**

---

Thinking of giving a framing gift for the holidays? Be sure to get your order in by **Saturday, December 18<sup>th</sup>**. Gift certificates for framing and for art classes are available.

Old photos can be preserved and enjoyed when they are framed with conservation materials. Many of them seem to have a brownish tint which is called “sepia tone” and they generally look really good in a brown or grayish brown mat. This is a collection of many family photos arranged together in what we call a multi-hole mat. The slanted corners are reminiscent of old photo albums and the white line, the “v-groove,” gives the group cohesion.

Remember I offer a free “house call” for consultation and for delivery. I call it “Have frames, will travel.” I would love to visit you.

**Thank you for your continued support, your friendship and your business. I wish you a wonderful holiday season and hope that the new year brings happiness and prosperity to you all!**
