

The Evolution of a Picture Framing – April News

The Gene and Jill picture framing saga continues with this painting of a potted geranium. It started out in a faded gray mat. Then it was changed into an off white mat with a tan under mat. Finally, it was paired with a Tuscan, pottery-like frame. Now the framing transformation is complete and it is happily hanging in its new home!

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the

area where the picture will be hanging since it is easy to hold samples up for comparison.
