

The Last Trip -- January News

My childhood friend, Diana, has made many fascinating vacation trips with her sister over the years. On the Viking Grand European River Cruise of 2019, she took many pictures of towers in Hungary, Austria, Germany and the Netherlands. As this turned out to be their last trip to Europe, she wanted to commemorate it with a framed collage of the photos.

Since we don't live in the same town anymore, we used our cell phones to finalize the layout and the selection of the materials. We liked the neutral upper mat with the copper inner mat that highlighted the many tiled roofs in the pictures. The pewter and black frame gave it a classy, timeless look.

Diana presented her sister, Leslie, with the framed piece at Christmas and it was a big hit!

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up

for comparison. You can trust me with your pictures because I have been framing for over 40 years.
