

## Buried Treasure - July News

Many of us are clearing out the extra things in our houses -- downsizing, tiny housing, good feng-shuiing. Sometimes we find buried treasures! That's what happened when one of my Raleigh customers began her purge.

The artist is Nancy Meadows Taylor

*Nancy is a friend from our Gourmet Club. My husband got this print from her over 15 years ago. I found it hidden among things as I was clearing and purging. Thought it would be a nice addition to the beach house.☺*

The subject matter is perfect for the beach and so is the weathered wood frame we used with a rope detail. The marine blue inner mat enhances the blue in the print and blends with the blues in the beach house.

### **What treasures can you find?!**

**Have frames, will travel** is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison.
