

Monoprinting is a one- of- a- kind experience – March News

Cynthia is an artist and a Master Gardener in Raleigh.

She created two **monoprints** from plant material in a workshop put on by the Guild of Natural Science Illustrators - Carolinas. She chose ferns as her subject because she loves plants and the special inks used are her favorite colors.

We picked out a gray tinted mat that enhanced the pictures and worked well in the room where it will hang. She decided to put both in the same frame and float the watercolor paper so the deckled edges could be appreciated.

“Mono” means single. No two monoprints are alike.

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location

of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison. You can trust me with your pictures because I have been framing for over 40 years.

Please contact Judie at **919-553-5633** or thenatureofartframeshop@gmail.com for an appointment. I am looking forward to seeing you soon. Check out my website at www.thenatureofartframeshop.com for framing ideas, rustic birdhouses, cottages and cards along with other offers and services.
