

March News...*What a surprise!*

One thing about framing is that there are many surprises. Recently I prepared to frame the antique picture of the lady and two men in suits (on the left below) for Chris Bills of Cary. When I removed it from its mat, I discovered the chart of wool choices for the suits on the back of the picture! (on the right below) At the top it says "Extra Good Weight Fine Worsteds in the Very Newest Patterns" And the samples are real fabric. So I was able to cut a second mat for the back and add a second piece of glass to enable everyone to **see both sides**. It was a fun project!

"Have frames will travel" means I will visit you for a free framing consultation and free delivery when your framing is done. Call, email or visit me on Fridays at Chambers Arts gallery in Cary at Ashworths Village.
