

Beach-y Keen – May News

My customer, Kelli, LOVES everything beach and bright. She had this picture of three bathing beauties over the bed in her guestroom, but it just looked too small in comparison to the furniture. So, we added a white mat with a black inner mat and then used a white shabby chic frame to make it larger and more important. Now the beauties can get the attention they deserve!

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison.
