

What was Old is new Again -- May News

We love our childhood pictures...but this one had slipped in the frame years ago and left a fade mark on the bottom left that was unsightly. To hide the mark without trimming and to better preserve the old paper we used a conservation mat. It is also advisable to have a space between the glass and picture if you want to keep the picture from mildewing due to moisture condensation on the glass. Doesn't she look cozy? Thanks to Mary Carol of Cary for allowing us to use her picture.

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your framing is done. I am happy to come to your house, your office or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison. Please contact Judie at 919-553-5633 or info@TheNatureOfArtFrameShop.com for an appointment.

I am looking forward to seeing you soon. Please check out my website www.TheNatureOfArtFrameShop.com for framing ideas, plant spirit cards and prayer flags along with other offers and services.
