Frame Something Special: Cindy Tatem framed this picture for her parents. We used a raised mat to accommodate the 3D letter pieces. “I made the scrabble “art” for my parents as a quirky 50th wedding anniversary gift. I used a game in mint condition from when my parents were first married (around 1963) and spelled out words representing many events and likes over their last 50 years together. I did have to use more than one game for all the letters needed but had some great friends donate their games that were missing some tiles or with which they didn’t play. I hand wrote a couple of the tiles for specific words. The tiles were glued to the vintage board and then Judie did a fantastic job framing it for me! Due to my dad’s current health, he is living in a nursing home while my mom in the process of getting a little house close to where he is in Fuquay. The framed board is in my dad’s room and is a conversation piece for all who enter. He loves seeing it and talking about all their memories. It has brought them so much joy and they are constantly being told how beautifully the mat matches the board and the framing... it’s quite the show-stopper! It’s really exquisite.”

“Have frames, will travel” is my slogan and it means I will visit you for a free framing consultation and free delivery when your framing is done.
