

Sometimes Simple is Better- October News

Linda and Dave Beam of Cary had their own floral photograph printed and then framed with me to use in their home. Here is their story:

“I have been a customer of yours for at least 35 years and I totally appreciate and rely on your expert knowledge of proper matting and framing. After remodeling our master bath I just wanted a pop of color and never found a print that appealed to me. And Dave takes beautiful pics of flowers that I have framed before so this is the route I chose. The beautiful hot pink gerber daisy makes me smile every time I walk into the bath.” -- Linda

We chose a very simple black frame with a single white mat because it fit with the style of the picture and the room. Besides, this vivid flower did not need any help! [Here simple is better.](#)

Have an adventure! Allow me to be your guide in designing your home or yard with the help of divining rods and your location angels. I use divining rods to interpret the advice of the angel in creating the look and feeling that you want. I have been doing this for 25 years and it is always helpful, fun, and surprising. I call it Designing by Divining. Check out the divining stories on my website www.TheNatureOfArtFrameShop.com.

Thank you for being my customers and my friends. Please let me know if I can help you in any way.
